REASONS FOR ALLOWANCE

1. This action is responsive to communications: The Request for Continued Examination (RCE) and Information Disclosure Statement (IDS) filed on 09/01/06.
2. Claims 1-4, 6-14, 16-22, and 24-31 remain allowed in view of the newly filed IDS and are discussed below Reasons for Allowance section.

Information Disclosure Statement

3. The information disclosure statement (IDS) submitted on 09/01/06 has been considered by the examiner.

REASONS FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance:

Regarding independent claim 1, the newly cited Comer et al reference, neither singularly nor in combination with previously cited pertinent prior art, teach or suggest to a person of ordinary skill in the art at the time of the invention the specific combination of claimed features. The examiner, as previously stated, notes that while stochastic spell checking methods are not in general considered a novel concept (See Examiner Referenced Prior Art Patents), the combination of the previous claimed features with the amended features of the method steps of independent claim 1 are considered novel, and unobvious to a person of ordinary skill in the art at the time the invention was made in view of the prior art of record.

In regards to independent claims 13 and 20, the examiner notes that said claims are substantially similar to independent claim 1.

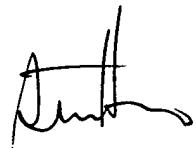

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
